Front end web developer leveraging an interdisciplinary background. Team player with a passion for learning technology driven languages. Excited about developing rich projects through best practices. Organized and observant with a keen vision for debugging and troubleshooting. Open to in-person & remote working environments.

Technical Skills

JavaScript ES6, HTML 5, CSS 3, React, React Hooks, MERN, Typescript, AJAX, Node.js (NPM), NextJS, Git, Jest, GraphQL, REST APIs, Material UI, Bootstrap, Materialize CSS, Tailwind CSS, VS Code.

Work Experience

- **Web Content Specialist (Full Time) – American Bar Association|** Chicago, IL | 2022 - present
  - Migrated hundreds of web pages to newer templates on Adobe Experience Manager.
  - Saved time with big-scale migration projects by building JavaScript scripts with HTML & CSS.
  - Implemented UX/UI, accessibility, and SEO best standards.
  - Used Adobe Photoshop and Lightroom Classic to add custom images to sites.

- **Web Content Specialist (Contract) – American Hospital Association |** Chicago, IL | 2022
  - Worked with the Director of Web Strategies to build new sites on Drupal CMS.
  - Created responsive web pages using JavaScript ES6, CSS, HTML, and Bootstrap.
  - Worked with project managers and directors and delivered finished projects on time.
  - Assisted other co-workers by teaching them new skills and completing jobs of other hats.

Education

- **Full-Stack Web Development Certification Course |** University of California, Irvine | 2021
  - 6 month hands-on web development program specialized in HTML5, CSS3, JavaScript ES6, React, MERN, team driven Agile methodologies, and team project building.
  - Fast-paced learning environment that kick starts the essential web development skills.

- **Bachelor's Degree of Health Administration |** University of Hawaii, Mānoa | 2020
  - Studied health sciences, physical sciences, and social sciences alongside business school courses of management, finance, statistics, and computer systems. Volunteered in a physical therapy clinic by assisting certified physical therapists.
  - Worked in local restaurants while studying as a full-time student. Learned and adopted new cultural cuisines, cooking techniques, and deepened my appreciation for diverse traditions.
